🏠 Hlavní třída 893/10, Ostrava - Poruba, 708 00, Czech Republic

Education

Bachelor degree

VSB - Technical university of Ostrava

2017 – 2020

Faculty of electrical engineering and computer science
Major: Informatics and computer science

Profile

Software Developer with 5+ years of experience in backend development, mostly on .NET and Microsoft related technologies.

Able to communicate clearly within and outside teams and to facilitate smooth collaboration.

Keen about new technologies when it comes to software engineering, and as such I am eager to grow into roles with software architecture responsibilities.

Work Experience

Dev Lead

Malfini a.s.
